

Dental Activity 9000 codes

All General and Orthodontic 9000 codes for England, Wales and Isle of Man are available in this guide.

There are two sections highlighted to indicate General Clinical Data Set codes and Orthodontic Data Set codes. Non highlighted information is for all other codes.

	General Clinical Data Set codes
	Orthodontic Data Set codes
	All other codes

If the information does not provide the details you're looking for, our Customer Contact Centre is open 8am to 6pm Monday to Friday.

If you submit claims using a Dental Practice Management System, you must contact your system supplier for any queries on how dental treatments are mapped to the 9000 codes.
